AZ Ed-Fi Suite v7.3, Data Standard v5.2: Student Discipline Incident Behavior Associations (SY 25-26)

Table of Contents

Summary

This association describes the behavior of students involved in a discipline incident.

Object Triggering Logic

Action	Business Rule(s)

| Post | Reports a record when the Behavior Incident has at least one event with a behavior that is mapped to an Ed-Fi Code **AND** has at least one reportable student associated to it with the *O: Offender* role **AND** is the incident is marked as "Complete" **AND** the event has at least one resolution with a discipline that is mapped to an Ed-Fi Code **AND** both the Incident Date and the Resolution End Date overlap the student's enrollment.

• Behavior-related resources will only report if the associated student is:
  ◦ Participating in Special Education (SPED):
    ▪ Student has a locked IEP that overlaps the date(s) of the reported Behavior Event **OR**
    ▪ Student has no locked IEPs **AND** has a Flag with a State Code of 999 (IEP) that overlaps the date(s) of the reported Behavior Event.
  ◦ Located in a School that is identified as a 21 CCLC school:
    ▪ The 21st CCLC checkbox is checked on the school's current School History record.
      • School History records that take effect in the future are **NOT** considered current.
  ◦ Event is firearms-related:
    ▪ The Behavior Event is mapped to an Ed-Fi Code value of:
      • Handguns
      • Rifles/shotguns
      • Multiple firearms
      • Other firearms
  ◦ Results in an Expulsion |

- - The Behavior Resolution is mapped to an Ed-Fi Code value of Expulsion
- A record is only reported for Enrollments and Behavior Events in the same School Year as the Ed-Fi Connection sending the record.
  - School Year dates are defined in School Year Setup.
    - If Start Date is NULL, 07/01/StartYear will be used.
    - If End Date is NULL, 06/30/EndYear will be used.
- Do not report a record if the any of the following exclusions are present:
  - Enrollment State Exclude - Must be for all students associated with event.
  - Enrollment No Show - Must be for all students associated with event.
  - Enrollment Grade Exclude from State Reporting - Must be for all students associated with event.
  - Calendar Exclude
  - School Exclude
  - Role selected is not *O: Offender*.
  - The Incident Date or Resolution End Date falls outside of the student's Enrollment dates.
    - We cannot report a Discipline Action record that is outside of the enrollment dates (Tier 2 error -52007).
    - We cannot send one discipline-related resource without sending the full chain of resources (Tier 2 error -52010).
- **IMPORTANT**: For a Student Discipline Incident Behavior Association to report in AZ, there must be a reportable event, student, and resolution. If any part is missing, a record will not be sent.

Delete/Post Put	A DELETE / POST will be performed if the data element being altered is part of the resource's natural key. A PUT will be performed otherwise. • When the following information on the Incident is changed: ◦ Status (Locked / Unlocked) • Changes to Resource Preferences mappings **do NOT trigger**. A manual resync must be performed on the resource if mappings are changed.
Delete	• When an incident's status is changed to a value that is not "Completed." • When all associated students' enrollments are deleted. • When the associated student is no longer identified as Special Education for the time period of the incident. • When the associated school is no longer identified as a 21 CCLC school. • When the associated event is no longer associated with a firearms-related code. • When the incident is deleted. • When the associated event is deleted. • When the student's Role changes to a value that is not mapped to an Ed-Fi Code. • When the resolution is deleted. • When the Resolution Start Date is changed to NULL. • When a record is in the Ed-Fi Identity Mapping Report but cannot be found on the Campus site.

Required Resources (Upstream)

The following resources must be sent prior to this resource:

- Students
- Student School Associations
- Discipline Incidents

Dependent Resources (Downstream)

The following resources are dependent on this resource (must be sent after this resource):

- Discipline Actions

Error Log

The following are potential Tier 1 (Ed-Fi API generated) or custom (Campus generated) errors you may receive when posting, updating, or deleting this resource. Please keep in mind that the "Error Message" below may not match your exact error message.

Error Message	Possible Causes / How to Fix

Object Data Elements Logic

Data element labels below in **BOLD** are part of the natural key of this resource and are required data elements for the record to send through Ed-Fi.

- The Mandatory / Conditional / Optional column indicates what the state requires for each data element.

	Data Element Label	Business Rule(s)	Mandatory (M) Conditional (C) Optional (O)	Data Source GUI Path	Database Field	Uses Template Logic (✅/❌/ EXT)
1	**disciplineIncidentReference** (*reference*)	*A reference to the Discipline Incident associated with the Student Discipline Incident Behavior Association being reported.* Reports the fields that are part of the Natural Key for the Discipline Incidents resource.	M	N/A	N/A	✅
2	**studentReference** (*reference*)	*A reference to the Student associated with the Student Discipline Incident Behavior Association being reported.* Reports the fields that are part of the Natural Key for the Students resource.	M	N/A	N/A	✅
3	**behaviorDescriptor** (*string*)	*Describes behavior by category.* Reports the Ed-Fi Code associated with the value selected for **Event Type**. • This mapping can be found in the Resource Preferences of the Ed-Fi Connection under the Discipline Incidents resource.	M	Behavior	BehaviorType .code BehaviorType .name	✅
4	behaviorDetailDescription	This is optional, does not report.	O	N/A	N/A	N/A

5	disciplineIncidentParticipationCodes	This is optional, does not report.	O	N/A	N/A	N/A
